SYNOPSIS

DOWNLOAD Kelly Frank is EarthCent's top diplomat on Union Station, but her job description has always been a bit vague. After swallowing her pride and purchasing a subscription to the dating service that's rumored to be powered by the same benevolent artificial intelligence that runs the huge station, Kelly decides to give love a shot. But as her dates go from bad to worse, she can only hope that the supposedly omniscient AI is planning a happy ending. *Date Night on Union Station (EarthCent Ambassador #1)*
