by Colleen Coble

SYNOPSIS

Losing her sight turns Lanie's world upside down, bringing danger, mystery . . . and unexpected romance. A seemingly random shooting at her aunt's coffee farm has left Lani Tagama blind. Now she must learn to navigate in a world of darkness. With the help of an ex-cop named Ben and a half-trained guide dog, Lani begins to regain her former independence. Then Lani and Ben discover that her injury wasn't caused by a random shooting. It was a botched murder attempt. They must work together to discover the identity of the would-be murderer before he strikes again.
