SYNOPSIS

Kelsey Quinn set out to trace a murder victim. Now she may become one. The dead don't speak, but Kelsey knows their secrets. As a forensic anthropologist at the Delphi Center crime lab, Kelsey makes it her mission to identify bodies using no more than shards of bone, and her find at a remote Philippines dig hints at a sinister story. When Kelsey's search for answers puts her at the scene of her ex-fiance's murder, only one man can help her. The same man who broke her heart just months before, and who is also a prime suspect. Faced with an ultimatum - Kelsey or his job - Gage Brewer did the only thing a Navy SEAL could...but that doesn't mean he stopped wanting Kelsey. Now Kelsey is running for her life and Gage is her last line of defense. As the threats escalate, Kelsey realizes this conspiracy goes deeper and higher than they could have guessed. With the clock ticking down on a madman's plot, the slightest misstep will have unthinkable

consequences....
