[SYNOPSIS](#)

DOWNLOAD Updated cover of this Kindle edition.As a surgeon, Dr. Rennie Newton is the consummate

professional. When she's summoned to jury duty, she brings to the courtroom the same level of competence and composure that she displays in the operating room. It is this commitment to precision that compels her to deliver a not guilty verdict in the murder case against notorious contract killer Ricky Lozada. It will be the most regrettable decision of her life... because Rennie's trial with Lozada doesn't end with his acquittal. Her carefully structured life begins to crumble when a rival colleague is brutally slain. Lozada's menacing shadow looms over the murder, but it's Rennie the investigators focus on as the prime suspect. The privacy she has cultivated and protected at all costs is violated by the police as well as Lozada. And when he begins an earnest courtship, insinuating himself into every aspect of her life, it becomes terrifyingly clear that he is obsessed with having her.
