Up in Smoke (King, #8)
by T.M. Frazier

SYNOPSIS

Up In Smoke is a standalone. You DO NOT have to read the rest of the books in the King series to enjoy Smoke's story. I'm a man without a conscience. I deal in murder and mayhem. I'm the best at what I do.

Frankie Helburn is supposed to be an easy job. A means to flush her father out of hiding. Simple. Except there isn't anything simple about Frankie or the secrets she's keeping. She's stubborn as hell and the sexiest god damn thing I have ever seen, sending dark, dirty animalistic desire coursing through my veins. She's cocaine with legs. A f*cking addiction that makes me question things I've never questioned before. Want things I've never wanted before. I might have her, but she isn't mine to keep. If her father doesn't show his face, she will be mine. To KILL.
